OE Announces New Production and Warehouse Logistics Manager, David B. Wright

We are pleased to announce a new member of the OE team. David B. Wright joined OE Enterprises on Tuesday, January 17th as a Production and Warehouse Logistics Manager. David will be managing an expansion of our current services for Vibration Solutions, providing business sourcing support. Ian Baltutis, owner of Vibration Solutions welcomes this support by adding, “The global distribution and fulfillment market is constantly shifting and evolving. OE has been a constant partner as our business responds to this changing environment. The addition of their new Production Manager position will help us compete and improve our lean supply chain.” David will also be managing OE’s fluctuating production demands and our pack & ship business as we work to expand our business customers and work opportunities for clients. He has 20+ years of experience in production, warehousing and inventory control, and we look forward to working with him. Please join us in welcoming David and encouraging him with your support.

Call-A-Doctor Plus with Teladoc, Inc

The following is an excerpt from an OE staff member who used the new Teladoc app over New Year’s break. During the holiday break, many medical offices were closed. However, with the assistance of this new insurance benefit, this individual was able to communicate experienced symptoms directly to a physician, fill the prescription, and began feeling better within hours. Human Resources will release information about how to enroll family members for this service in an email to follow.

"Sadly, I brought in the new year with a bad upper respiratory infection that made it a tough weekend for me. However with our new benefits I downloaded the Teladoc app on my iPhone. I was in desperate measures since most offices were closed on the weekend and Monday due to the holiday. Using the app, I registered my information and schedule a contact with a doctor to call me. Within 5 minutes, I had a doctor call me and we spoke for about 15 minutes about options for best services. He explained what I probably had which was different from what I originally thought it was. He ordered my prescriptions which was emailed to me as well. Within 1 hour the medicine was ready and I was able to start to feel better. Also the best part; the service was no additional charge. Which saved me from going to a doctor’s office to be charged a co-pay. It was important for me to come in after the holiday because I was out sick the previous couple of days. Without question, if not for this service I would not have been able to come in as fast as I did. I highly recommend others to use this service in their time of need."
**NEWS FROM EACH LOCATION**

**Hillsborough Happenings**

In keeping with the theme of improving oneself in the new year, clients have been leading group discussions pertaining to their new resolutions and constructing vision boards focused on how to accomplish those goals. Trainees also learned about the Chinese New Year (celebrated on January 28th) and crafted Chinese lanterns from which their vision boards hang.

Prior to the new year, clients learned about Kwanzaa and made Kwanzaa mats to celebrate the holiday.

**Burlington Briefs**

This month, clients are taking advantage of educational-based adaptations of Wheel of Fortune and Jeopardy to improve their emotional awareness, mathematical skills, and job description knowledge. Additionally, clients worked with Jacob Stewart, Activities Specialist, to craft the pictured landscape. The goal of this collage was practice following instructions, understanding teamwork, and looking at the bigger picture when completing tasks.

Clients are also honing their fine motor skills through crafting origami flowers.

**Retail Clothing Catalogs Needed ASAP**

We are in dire need of retail clothing catalogs that picture models in clothing from vendors such as Land’s End, LL Bean, The Company Store or any other clothing catalog. We have an order for 30 TTAP kits that have to be sent out to a school system in Ireland by the end of January. If you have any catalogs, please bring them to the Orange or Alamance reception areas for Joe Bumgarner.

**FACTS YOU (PROBABLY) DIDN’T KNOW ABOUT JANUARY**

- January is named after the Roman god Janus, who was always shown as having two heads. He looked back to the last year and forward to the new one.
- It is recognized as National Soup Month in the United States.
- January’s flower is the carnation.
- January’s gemstone is the garnet.

**The Wellness Corner:** Social Health Improvement “Invest in the relationships that bring meaning to your life and that you know will be with you for the long haul. Active listening means devoting your attention to what someone is saying. It requires you to listen with an open mind uncluttered by inner dialogue. Concentrate on understanding what the other person is saying, not on phrasing your response.”

- Harvard University Health Services

Clients created artwork centered around the theme “How We Change the World”
